

McHenry Western Lake County EMS System System Memo #24-2

To: MWLC EMSS PERSONNEL
From: MWLC EMSS
Date: 02/19/2024
RE: 2024 Policy Manual

Purpose: Communicate the need to review, understand, and comply with the MWLC EMSS 2024 Policy Manual.
Goal: Ensure standard operations throughout MWLC EMSS.

A new 2024 Policy Manual document has been posted to the MWLC EMSS website. This new document supersedes all previous policy manuals, and represents a significant update from the last revision dated 2010. All personnel are responsible for complying with the entirety of this document. Please ensure this information is distributed to all agency personnel for review.

The 2024 Policy Manual can be located on the MWLC EMSS website at: [EMS Requirements and Regulations | Northwestern Medicine](#).

Moving forward, MWLC EMSS seeks agency participation in cyclical revisions and additions. The MWLC EMSS Policy Manual should capitalize on a collaborative effort of our EMS community. MWLC EMSS has a system in place to document feedback, comments, and ideas for the evolution of this document and our operations. Ideally, this should be accomplished by communicating through agency representatives. Please make the time to consider what would make us more effective and encourage your agency representatives to share your ideas.
