

PARAMEDIC STUDENT CLINICAL EVALUATIONS

**Use the QR code below to complete a clinical evaluation for a
McHenry County College paramedic student.**

McHenry County College paramedic students must have a clinical evaluation completed for each clinical experience. Evaluations should be submitted prior to the conclusion of the student's clinical shift. Each person assigned to as the primary supervisor (preceptor) during the clinical shift should complete an evaluation.

Evaluations submitted using the link below cannot be viewed by the student. Instructional staff will review the evaluation results routinely. If concerns or accolades need immediate attention, please contact:
